PROFESSIONAL SUMMARY

Full-Stack Developer with 2+ years of experience building scalable web applications using React.js, Next.js, TypeScript, Node.js, Express.js, and MongoDB. Experienced in developing pixel-perfect, responsive user interfaces from Figma designs and delivering secure backend services, REST APIs, and authentication systems. Strong background in frontend architecture, reusable component development, RTL/multilingual applications, and performance optimization. Passionate about clean code, accessibility, and building production-ready solutions from concept to deployment.

TECHNICAL SKILLS

Frontend:	React.js, Next.js (App Router), TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Redux Toolkit
Backend:	Node.js, Express.js, REST APIs, JWT Authentication, Role-Based Access Control, Server Actions
Database:	MongoDB, Mongoose, SQL Fundamentals
Tools:	Git, GitHub, Postman, VS Code, Figma, Agile/Scrum
Concepts:	Pixel-Perfect Design, Accessibility (WCAG), Component Architecture, RTL Applications, Performance Optimization

PROFESSIONAL EXPERIENCE

React Developer Trainee

Digilians - Digital Pioneers Initiative | Feb 2026 - Present | Remote, Egypt

- Built responsive and reusable UI components using React, Next.js, TypeScript, and Tailwind CSS
- Improved application performance through optimized rendering strategies and efficient component architecture
- Implemented scalable state management solutions using Redux Toolkit
- Integrated RESTful APIs and enhanced data-fetching performance
- Participated in Agile sprint planning, code reviews, Git workflows, and collaborative development practices

Freelance Full-Stack Developer

Freelance Yard & Various Clients | Aug 2024 - Present | Remote

- Delivered multiple production-ready MERN stack applications for clients across different industries
- Built secure authentication and authorization systems using JWT and role-based access control
- Developed multilingual and RTL-ready Arabic web applications with responsive layouts
- Designed and implemented RESTful APIs, database schemas, and backend business logic
- Collaborated directly with clients to gather requirements and deliver solutions on schedule
- Maintained high-performance applications through optimization and clean architecture practices

Web Design Intern

National Telecommunication Institute (NTI) | Jul 2023 | Damanhur, Egypt

- Designed and developed 10+ responsive web pages using HTML5, CSS3, and Bootstrap framework

- Accelerated UI-to-development handoff by 30% through delivery of 15+ high-fidelity, annotated Figma mockups
- Completed 3 project milestones on schedule within a collaborative Agile team

KEY PROJECTS

NEXORA - Business Management Platform

- Developed a complete business management platform using React, Next.js, Node.js, Express.js, and MongoDB
- Built Admin and Staff dashboards with role-based access control and JWT authentication
- Implemented customer, product, and order management modules
- Integrated RESTful APIs and reusable frontend components using Tailwind CSS
- Delivered pixel-perfect UI implementation from Figma designs with full responsiveness

Cosmetic Chemistry Service Portal

- Designed and developed an interactive platform for cosmetic chemistry services using React.js and Node.js
- Integrated dynamic content through REST APIs
- Improved user engagement through responsive design and optimized user experience

E-Commerce Web Application

- Built a scalable MERN stack application with secure authentication and inventory management
- Implemented JWT authentication, protected routes, and role-based permissions
- Developed responsive interfaces with Tailwind CSS and optimized application performance

EDUCATION

Bachelor of Science

Alexandria University | Alexandria, Egypt | 2019 - 2023

CERTIFICATIONS

- Responsive Web Design - freeCodeCamp
- Web Design Internship Certificate - NTI (National Telecommunication Institute)
- Digital Pioneers Initiative (DPI) - React Development Track
